Brand Marketing | Consumer Insights | Product Thinking

Bengaluru | singharyan9433@gmail.com | +91 91233 56602 | linkedin.com/in/aryansingh101

PROFILE

PGDM Marketing student with hands-on experience in brand marketing, consumer research and competitive analysis. Consumer-first thinker who turns market insights into brand ideas, communication and customer experiences, with exposure across luxury fashion, hospitality and product design.

EDUCATION

ISBR Business School, Bengaluru 2025 – 2027
PGDM, Marketing

International Institute of Hotel Management 2020 – 2023
BSc, Hospitality Administration

EXPERIENCE

Reik Studio May 2026 – Aug 2026
Brand Marketing Intern

- Benchmarked 6 competitors in India's luxury women's wear market to identify gaps in positioning and digital presence.
- Spotted inconsistent showcasing of new collections as a digital presence gap; recommended and coordinated additional professional photoshoots aligned to the brand's identity.
- Wrote 20 social media captions in the brand's voice, informed by audience insights; implemented by the company.
- Built a 3-tier pricing matrix and applied SWOT and Porter's Five Forces to identify 5 strategic growth opportunities.

The Lalit Great Eastern, Kolkata Jul 2022 – Jan 2023
Front Office Intern, Customer Experience

- Handled 100+ guest interactions daily, building a first-hand understanding of what shapes guest expectations and satisfaction.
- Resolved guest escalations and recurring pain points, supporting service recovery.
- Observed pricing and room-allocation decisions in high-demand periods, linking customer demand to revenue decisions.
- Coordinated across teams to resolve guest issues.

SELECTED PROJECTS

From Product to Personality 2025
Independent Brand Research

- Surveyed 50 respondents and compared Zomato, CRED and Blue Tokai to understand how digital and product experiences shape brand personality.
- Found that 80% of respondents named product/app experience as a key driver of brand personality, positioning customer experience as a brand-building touchpoint.

Bolt 2024
Expense Tracker App Prototype (Figma)

- Turned consumer anxiety around money into a calm, minimal app experience, building end-to-end wireframes from scratch.
- Used visual communication and interface design to reinforce the product's brand personality.
